

## **RADKIDS Instructor Training - April 25 – 29, 2022 (5-Day Training)**

**Time: 8:30 am – 4:00 pm (Each Day) in Sidney, Ohio [Elementary School Staff]**

**Overview:** The radKIDS Personal Empowerment Safety Education program is the most holistic and comprehensive (personal skill based) developmental curriculum available today. One curriculum that provides the children with personal boundaries based on self-value and self-worth developing their foundation of character and self-respect so they may respect others as well.

While enhancing the children's critical thinking and problem-solving skills, conflict resolution skills, mental health wellness and resiliency and social emotional personal skill based learning. *In fact, radKIDS is one of the very few school culture supporters and safe climate enhancing curriculums creating documented success in schools today, that meets and, in many cases, exceed the educational standards required to be taught in Elementary Physical Education and or Health Classes in all 50 states.*

The rad KIDS Curriculum does not focus on the cognitive learning of the subject matter but instead focuses on the teaching, learning and personal skill developments of the child so that they can live confidently and safer in our world today. In so doing, we are not only able to empower the child in their own personal safety and personal boundaries but we also develop and enhance their "critical thinking skills all while maintaining the innocence and curiosity of childhood.

### **Points to Ponder**

- radKIDS is a national leader in the war against bullying and victimization in our nation's schools. In fact, the radKIDS curriculum is being shared in many districts across the county as not only the tool to help keep our children safe but the educational resource that is creating positive climates (safer) within the schools. (radKIDS Zero Victimization School Model)
- radKIDS Zero Victimization School in Florida today <https://vimeo.com/326419301>
- radKIDS is bilingual available in both English and Spanish
- **Cost Effective:** Instructors are issued copyright privileges on an annual basis so they can print the curriculum and supporting materials no additional purchases required. The more children they teach the greater value in their training and investment.
- radKIDS is an educational initiative meets and exceeds the requirements of Erin's Law a national standard supported by many state laws that requires children be taught, "sexual assault prevention" in schools. The radKIDS curriculum, "Sam's Secret" tool has helped thousands (over 50,000) children stop or escape the silent pandemic of sexual assault, abuse or molestation.
