POSITION VACANCY

Position:

Engineering Instructor – OHP Campus

Reports To:

Career Tech Supervisor

Starting Date:

August 2023

Salary Range:

Commensurate with Experience (Certified Salary Schedule)

Work Week/Year:

Standard School Year (185 Days)

Requirements:

A valid Ohio career-technical engineering or manufacturing certificate or license or high school diploma with at least five years of industry experience in the engineering field.

Preferred Requirements:

Strong background in CAD, engineering principles, and 3D printing. Effective organizational, planning, and project management skills. Ability to identify, evaluate, and implement program options, auxiliary services, and curricular materials that support the diverse learning needs of students.

Responsibilities:

Provide learning opportunities for students through multiple modalities. Facilitate student participation in designing projects and defining criteria for projects. Provide classroom and laboratory instruction to students to prepare them for employment or further education in the engineering field. Establish and communicate clear objectives for lessons, units and projects. Provide opportunities to students to earn various industry credentials. Encourage students to explore learning opportunities both inside the classroom and in industry. Evaluate student performance, work cooperatively with parents, school personnel, and the business community to maintain a program which meets Ohio Department of Education and industry standards. Serve as SkillsUSA advisor.

Application Deadline:

Until Filled
